

*Keiser Career College requests the pleasure of your presence at
our*

Practical Nursing Open House

Wednesday, September 8, 2010, 5:00 pm to 7:00pm

6700 Southpoint Parkway, Suite 400, Jacksonville, FL 32216

Keiser Career College can prepare you for a career as a Practical Nurse. As a Practical Nurse, you can make a difference in the lives of patients by working in hospitals, nursing care facilities, physician's offices, home health care services, community care facilities for the elderly, and Federal, State and local government agencies. The job outlook for Practical Nurses is projected to grow faster than average. Keiser's Practical Nursing program will give you a solid foundation in both classroom study and supervised clinical practice (patient care). The NCLEX-PN licensing exam is required to obtain licensure as an LPN. Some LPNs also choose to become registered nurses through LPN-to-RN training programs. Keiser offers financial assistance for those who qualify and career placement is available to help you to find a job. Take the first step, call to reserve your space in the Open House to meet with faculty, staff and take a tour of the facilities. Classes are starting in June 2010, and there is currently no wait list, but there are only 10 seats available. Is yours one of them? Call today 904-448-9499 to RSVP.

Sincerely,

Catheryne Budzian
